ACHIEVEMENTS

- First in-segment company to manufacture Ground Clearance Kits specifically designed and developed for Cars.
- Less than 1% Complain regarding product performance and fitments.
- More than 35,000 Cars have been installed with Autocron’s Ground Clearance Kits.
- Error Free Operations in Automotive Segment Company.

CHILL! The Car will not hit speed breakers or any sort of potholes.

DON’T FREAK OVER A FUMBLE

High-Density Shield. Tougher than any Rubber Pads, Aluminum Pads, and Buffers

---

Dual layer coil lock technology for improved driving dynamics and stability

---

Professional Grade Chemical Inject for increased safety and density

D’ DRAMATIC MODE

THE NEW STAR AND BESTIE FOR YOUR CAR

There’s no kit like Ground Clearance Kit

Avoids Scrapping the Ground

This Kit avoids scrapping the ground on steep driveways and speed bumps and conquers the worst off road conditions. Thanks to the increased Ground Clearance.

Increases Ground Clearance

Improves the overall stance and look of your vehicle and increases the Ground Clearance of the Car by 20 to 25 M.M.

Effortless

Effortlessly passes over to the speed breakers where previously you have to be cautious.

Easy Installation

Installation of this Kit is very easy any local mechanic or multi-brand workshop, tires and alignment centers can easily install this kit
